A New Catalogue
of Native Plants*

IT IS FREE FOR THE ASKING

For many years I have lived with the native plants of
the Carolina Mountains. I have seen them when the
first flowers peep out in spring; I have watched them
disappear under a downy blanket of snow.

My new Catalog will tell you about these lovely wildlings
Closed Gentians, Clintonias, Asclepias, Cimicifuga, Vio-
lets, Lilies, Rhododendrons, Kalmias, Azaleas, and a
hundred-and-one other things.
